PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Bryant Post Office Is Branch Of Canal Point

On Thursday, June 1, the Bryant Post Office became an integral part of the Canal Point Post Office and is officially listed in the post office manual as "Bryant Rural Station, Canal Point, Florida." Mrs. Elsie Scruggs will remain in the Bryant office as postmaster, it was pointed out by Mrs. Eddythe Smith, Canal Point postmaster.

The Canal Point post office has shown a steady growth through the years and at present is in second class. With the sugar boom in the immediate area the continued growth of the office is assured. Attachment of the Bryant office to the local office will also add to its continued growth and importance.

Former Resident Dies In Tampa

Francis Albert Bowen, 58, died Wednesday morning in Tampa General Hospital after a short illness.

Born in Lyons, Georgia, he was a resident of Canal Point for 14 years before moving his family to Tampa in 1946.

Surviving are: two sons Gene Bowen of Tampa and Jackie Bowen of Sarasota; one daughter, Miss Anne Bowen of Tampa; two brothers, T. L. Bowen of Mountain City, Ga., and C. W. Bowen of Bruswick, Ga., and one sister, Mrs. Grace Strayer of Canal Point; seven grand-children and many nieces and nephews.

Funeral arrangements are to be announced later.

Cash For Lights Is Coming In Slowly

Cash for street lights in Canal Point is coming in mighty slow, said one of the officials of the Canal Point Lions club yesterday. The club acts as agent and collects cash, turns it over to the Power Company. The club has nothing to do with the paying of the bill, which is due July 1, other than to act as an agent for the people of Canal Point.

To date only \$244.00 has been collected and only a few more days remain in which the bill can be paid, a Lion said. The total cost of street lights in Canal Point runs well over \$500.00 per year.

HOME FROM HOSPITAL

Mr. and Mrs. L. V. McClelland of Canal Point returned home Thursday Night from Chicago where she underwent heart surgery in the Edgewater Hospital. While there, Mr. McClelland had his annual check up. Both are doing fine and he is back at work.

Mr. and Mrs. D. P. Hughes of Bryant were the weekend guests of their daughter Miss Kay Hughes in Orlando.

New Bulk Plant For American Oil Co.

Another new bulk oil station is assured for the Lake Okeechobee Region and within the next few days construction will start on a new plant for the American Oil Company. The new plant will be erected alongside the FEC railroad immediately west of the Florida Vacuum Precooling plant which is located just west of US441 which is SR15 between Pahokee and Belle Glade.

Legislature Good To Palm Beach Co.

The Palm Beach County delegation to the 1961 legislative session made "good progress despite tremendous pressure," State Representative Emmett Roberts declared Wednesday.

"We were really up against it," Roberts said, adding, "the pressure on us was greater this session than in any of my previous three."

Two bills provided the Palm Beach County delegation with most of their problems:

The "Lake Split" bill in which four smaller counties sought to grab a major portion of Lake Okeechobee from Palm Beach County, along with some \$110,000 in secondary road funds;

The Boca U. bill, in which the county delegation was seeking some \$8.5 million to build a university at Boca Raton.

"In that bill," Roberts said, "The delegation was going after the biggest single appropriation sought by an individual county."

"And we came out of it rather well," he added, "Boca U. will be built. It's just a question of when the money will be available."

Biggest problem of the delegation, Roberts said, was that of trying to make friends among the small-county delegations for Boca U. at the same time they were successfully fighting off a small-county grab of Lake Okeechobee.

Poteete-Hatton To Add To Building

Contractors are busy this week adding two complete suites of offices to the Poteete-Hatton Clinic on Bacom Point Road in Pahokee. Blanton and Unwin are doing the work.

The clinic, opened for service last summer, is owned and operated by Dr. F. H. Poteete and Dr. R. L. Hatton. They have enjoyed unusually good patronage since opening the handsome new clinic and now it is necessary to make an addition which will be completed within the next few weeks.

Mr. and Mrs. M. C. Carter of Fort Mayaca visited friends in Largo over the weekend.

Pahokee Baptists Call Rev. Colvard

The First Baptist Church of Pahokee has called Rev. Guthrie W. Colvard of Gastonia, N. C., to fill the pulpit which has been vacant since the resignation of Rev. James Boyd who moved to Lake Clark Shores near West Palm Beach. The new pastor will deliver

GUTHRIE W. COLVARD

his first sermon in the Pahokee church on June 18.

Rev. Colvard, has been promotion director of the Gastonia, N. C., Baptist Association since 1957.

As promotion director the Rev. Mr. Colvard has been responsible for promoting evangelism and stewardship, attendance in Sunday school and the training union and general growth of the organizations of the church.

Since 1957 there has been an increase in church membership of 2,329; 207 in the Sunday School and 610 in the training union. Stewardship increases have been \$50,901 in missions gifts and \$215,900 in total gifts.

The Rev. Mr. Colvard attended Lenoir Rhyne College and was (continued on page 8)

Boca University Is Given Cash To Start

BOCA RATON — A president for Boca Raton University in Palm Beach County will be appointed within 90 days, according to Tom Fleming, Jr. Fleming, whose Resources Development Board has pushed and promoted Boca U., was thankful — if not completely satisfied — with legislative action Wednesday.

Official recognition of Boca U. came Wednesday when the Senate-House conference committee recommended \$50,000 for operating funds, and \$53.3 million for construction.

"Boca U.'s new president will have \$50,000 for each of the next two years to choose administrative officers and begin organization for Boca U.," Fleming said.

The president will be appointed by the State Board of Control and the State Board of Education.

"It now remains for the state cabinet to determine how he construction funds set up under priority II will be allocated."

Baccalaureate Sermon Scheduled Sunday Nite

Special Film For Everybody By Lions

A special film on "Operation Abolition," will be shown at the next regular meeting of the Canal Point Lions club on Monday night at the Community Building. The film is an interesting one and deals with communists and unions. Officials of the club have issued a special invitation to one and all to attend. There is no charge for the showing.

Lake Okeechobee Still In P. B. County

Palm Beach County won the battle of Lake Okeechobee Tuesday.

Victory came with the final death of a bill splitting control of the lake among Palm Beach and four neighbor counties.

It marked the end of a seven-week power struggle behind the scenes and frequent bitter debate in the open.

A Senate committee which had squabbled over the bill for weeks, killed it 5-3 Tuesday, rejecting a proposed compromise.

Passage of the bill would have cost Palm Beach County \$110,000 the first year in lost gasoline tax money for its road program.

The \$110,000 would have gone to Glades, Okeechobee, Martin, and Hendry Counties.

Rep. William R. Scott of Martin had introduced one bill to split up the lake according to each county's frontage. It cleared a House committee and has been pending on the calendar.

The companion Senate bill pushed by Sen. Harry Kickliter of Fort Pierce is the one that bogged down in committee and was killed Tuesday. Even if Scott could get the House version passed, it would die in the Senate.

Trailways Offers New Jax Service

Trailways bus system inaugurated a new service for the Lake Okeechobee Region yesterday (June 1) with the start of a new bus service to Jacksonville from Canal Point. The bus, coming out of Miami, will leave Canal Point for Jacksonville at 10:50 each morning. At 3 o'clock in the afternoon a Trailways bus will go through Canal Point Point, on its way to Miami with direct connections in South Bay for Moore Haven, Clewiston, Fort Myers and the west coast.

Trailways officials said that 10 new schedules are expected to be in force in the state within a very short time and running time between Canal Point and Miami on the new schedule is shortened by one hour.

The annual Baccalaureate sermon to the Senior graduating class of Pahokee high school will be delivered Sunday night, June 4 in the First Baptist church in Pahokee by Rev. Charles D. Stewart, pastor of the Canal Point Baptist church. The services are scheduled to start promptly at 8:15 o'clock.

Class night exercises are scheduled for the high school auditorium next Tuesday night, June 6. It is at this time that the class awards are passed out to deserving students. Many fine awards are on the list to be given out this year, Principal Henderson said.

The big night will come next Friday night, June 9, when the diplomas will be awarded to the 60 odd students who are to be graduated. Principal Henderson could not release a firm list this week because he said there was possibility that two or three of the seniors wouldn't graduate.

Validictorian for the class on graduation night is always the student with the highest grades and this year Miss Ila Mae Smith of Canal Point is recipient of that honor. Salutatorian is always the student with second highest grades and another Canal Point girl—Miss Glenda Mae Sears—won that honor.

Water Problem To Face Pahokee Vote

A referendum would be called in the East Beach Water Control District—the Pahokee area—to allow the district to issue up to \$300,000 in bonds to replace worn out pumping equipment and unclog ditches, under a bill introduced Saturday by Reps. Emmett S. Roberts and Jerry Thomas.

Rep. Roberts said it was recently discovered that equipment needed repairs to prevent flooding during bad storms or hurricanes.

The bill would call a referendum —date to be set by the district—to approve issuing up to \$300,000 in bonds.

The bonds could be issued for up to 35 years and carry an interest rate of up to 6 per cent.

It authorizes special assessments against lands in the district to pay off the bonds.

Before the bonds could be issued, the voters of the district which includes about 5,000 persons in the Pahokee area, would have to approve the measure.

"The City Council, civic clubs, and Chamber of Commerce urged us to introduce it, just this week," said Roberts.

"Actually, they are just waking up to the problem. The work proposed should have been done last winter."

"If we had a hurricane, the whole system would probably break down," Mr. Roberts concluded.

Seventh Graders Enjoy Glades Tour

The pupils of Mrs. Gladys Harrington's seventh grade of the Canal Point Elementary School spent Monday of this week being schooled in subjects somewhat different from the regular "reading - ritten and rhymetic." Accompanied by their teachers and two roommothers, Mrs. W. C. Young and Mrs. Osceola Uthegrove, the group spent the school hours touring the Glades Office Building, Experiment Station and Live Stock Market in Belle Glade.

Their first stop was the Glades Office Building where Mrs. E. L. Pope, as their hostess, took them through the various departments, introducing them to each departmental head, who in turn explained their duties.

From here the young citizens and their leaders drove to the Everglades Experiment Station where R. W. Kidder guided them through his experimental projects. After which they were glad to stop for lunch and recreation at the Belle Glade Park.

Their next and last stop on the agenda of their field trip was a tour through the Glades Live Stock Market. Here they watched the process of Cattle selling until it was time to head for their classroom.

Miss Jeanine Mock left Sunday for Gainesville after spending the weekend with her parents Mr. and Mrs. Rupert Mock in Pahokee.

Unemployed Drop Shown In Florida

TALLAHASSEE — The number of Florida unemployed dropped 9,200 in April from March to 119,400.

State Industrial Commission Chairman A. Worley Brown said April was the first month since December that there has been a drop in the number of unemployed in Florida.

Nonfarm employment also dropped, Brown said, but not quite as much as expected considering the season. There were 1,320,200 people employed in nonfarm establishments in the State in April, about two per cent fewer than in April 1960.

Brown said cutbacks in the tourist and citrus industries and post-Easter layoffs were responsible for most of the 12,200 employment drop from March to April.

Construction at 102,500 continued to lag behind a year ago, but fewer claims for unemployment insurance benefits were coming in from that industry.

Much of the decline in unemployment from March to April, Brown said, was due to fewer out-of-state job seekers.

Despite the significant unemployment decline in April, it remained approximately 57 per cent above a year ago.

8 Percenters Group Will Be Regulated

FORT LAUDERDALE — Florida's Legislature enactment of measures to regulate the activities of the eight per cent investment firms drew praise from State Treasurer J. Edwin Larson recently.

Larson spoke to the Florida State Association of Underwriters in convention at Fort Lauderdale. He noted the bill would give the Florida Securities Commission some control over the operations of such firms and would require them to register the sale of securities.

Many eight per cent firms were forced out of business earlier this year after clients filed complaints based on alleged mishandling of funds.

TO ATTEND GRADUATION

Mr. and Mrs. O. H. Sheppard and daughter Hazel of Canal Point plan to spend this weekend in Tallahassee as guest of their son-in-law and daughter, Mr. and Mrs. Danny De Leon and attend his graduation exercises at the Florida State University Saturday evening.

FRED IN HOSPITAL

Fred Hickerson of Pahokee who has been ill at his home for the past two weeks, was admitted to the Good Samaritan Hospital on Tuesday of this week.

Mr. and Mrs. Audie Hooks and children of Clewiston were Sunday dinner guests of her parents Mr. and Mrs. J. D. Latham in Canal Point.

HOW MUCH YOU HARVEST DEPENDS UPON HOW MUCH YOU PLANT . . .

Saving is like planning. The more you put down, the more you get. But there are two important differences. A savings account is not subject to the risks of weather and drought. And, to keep your account growing, the big secret is **REGULAR** saving. You may be amazed how much you can save, painlessly, out of income. Let us tell you the facts.

**Here's what the new $3\frac{3}{4}\%$ interest rate
on U.S. Savings Bonds means to you:**

$\$3 = \4 fourteen months faster than before

***The Bonds you own are better
than ever, too***

The new $3\frac{3}{4}\%$ rate means your savings grow faster than before with U.S. Savings Bonds. \$3 becomes \$4, or \$3,000 becomes \$4,000 in just seven years, nine months. This applies to all Series E Bonds bought since June 1, 1959.

Then, all older Bonds, both Series E and H, pay more now—an extra $\frac{1}{2}\%$ from June 1 on, when held to maturity.

And, all Series E Bonds carry a new 10-year extension privilege. This means your Bonds will keep earning liberal interest automatically after maturity.

These three new cash benefits make today's U.S. Savings Bonds the finest in history. They make the ones you own now better, too.

More advantages of U.S. Savings Bonds

You can save automatically. Just tell your company how much to deduct every payday for Bonds, and your Bonds will be delivered to you. This way you can't forget to save. And, remem-

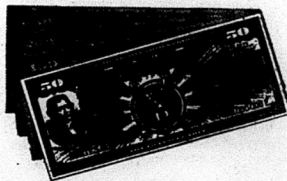

ber, the money you don't touch can't slip through your fingers.

You can get your money, with interest, when you need it. Your Bonds are a ready reserve to use anytime you wish. But, it pays well to hold them.

Your savings can't be lost or stolen. The U.S. Government guarantees to replace your Bonds, free, if anything ever happens to them.

You save more than money. The Bonds you buy help keep the peace because peace costs money. Money for better education, new scientific research, greater military strength. And the money you save helps strengthen our nation's economy which depends on the financial strength of individuals to keep it sound.

Start saving with U.S. Savings Bonds today. You'll save more than money.

Pick your savings target and shoot straight for it!

A home... financial security... a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But there's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than one through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Savings Bonds.

Because Savings Bonds earn good interest—3% compounded continuously when held to maturity (9 years and 4 months)—they'll soon worth much more than you've invested in them. And your Bonds will continue to pay this extra good interest nothing on 20 years and 8 months. That means a return of up to 50% more than you originally paid.

And remember this. There's no guarantee or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$4.50 a week. In 5 years you'll have Savings Bonds worth \$2000 or more; in 10 years, \$4400.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

Christian Science Group Of Canal Point

"God the Only Cause and Creator" is the subject of the Lesson-Sermon to be heard at all Christian Science churches Sunday.

Readings from the King James Version of the Bible will include this verse from Revelation (4): "Thou art worthy, O Lord, to receive glory and honour and power: for thou hast created all things, and for thy pleasure they are and were created."

One of the correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (p. 207): "There is but one primal cause. Therefore there can be no effect from any other cause, and there can be no reality in aught which does not proceed from this great and only cause."

The Golden Text is from Psalm 78: "Blessed be the Lord God, the God of Israel, who only doeth wondrous things."

Hunting Rules Will Be Openly Discussed

Four public meetings to discuss the 1961-62 hunting and fishing regulations will be held in Game and Fresh Water Fish Commission's Everglades Region during June, reported Louis F. Gainey, Regional Manager.

The first meeting will be held at the Vero Beach Chamber of Commerce Building on June 6th at 8:30 p. m.

The second meeting will be held June 7th at 8:00 p. m. in Clevis-ton at the Sugarland Auditorium.

The third rules and regulations meeting will be held at the City Hall in Naples on June 8th at 8:00 p. m.

The fourth meeting will be held June 9th at 8:00 p. m. in Miami at the Clubhouse of the Sportsmen's Club of Dade County. This Clubhouse is located at 5151 N. W. 7th Street.

Gainey stated that all interested persons and organizations are invited to attend these meetings and submit recommendations as to hunting and fishing regulations for the 1961-62 season or in writing to the office of the Game and Fresh Water Fish Commission in West Palm Beach.

Beauty Pageant Draws A 5-Footer

SARASOTA — The shortest entry in the history of the Miss Florida Pageant will compete this year in the state finals at Sarasota June 22-24. She is petite Lina Kunkle, 18, of Osprey, who stands an even five feet tall and has trouble keeping her weight up to 100 pounds.

Lina can also be credited with a number of "firsts" when she arrives at Sarasota for the 6th annual Miss Florida Pageant June 20. She will be the first Miss Venice to compete in many years, and will be the first to present a high style hair design demonstration for her talent competition. Miss Kunkle also has a new sponsor, the Veterans of Foreign Wars, Tamiami Post 8118 and its Ladies Auxiliary.

The tiny Miss Venice will have to have her official Jantzen Miss Florida swim suit specially made for her in order to compete at the Miss Florida Pageant, since she wears a doll-size 5.

Lina, a graduate of Venice High School, is a student of Gulfport Beauty Academy at St. Petersburg, and recently won in competition a trip to Europe for her high fashion hair design styling.

Traffic Laws Are In Need Of Respect

TALLAHASSEE — Florida Highway Patrol Comdr. H. N. Kirkman declared today that "we need the support of the community in building greater respect for traffic laws" to have a safer Florida.

Since the records show that over 80 per cent of all fatal accidents involve violations of traffic laws by one or more drivers, this is "conclusive proof that accidents don't JUST happen — they are caused."

"And of course you know that people must want to cooperate in anything to get it done; so, unless we have the cooperation of the people, we won't get nearly as much done toward making highways safe as we otherwise would," Kirkman declared.

Re-emphasizing the need for community knowledge of and respect for traffic laws, Kirkman continued: "A driver who doesn't know the law, even though he means well, can foul up traffic pretty badly — and that included pedestrians, too."

The patrol leader concluded by saying that traffic death and injury on our highways could be materially reduced IF the driver and the pedestrian each would accept his or her responsibility and know and obey traffic rules and regulations.

"With increased summer driving just ahead, this will be a good time to support the chances of your own survival by knowing, or learning if you don't know them, the common rules of safety and then observing them to the letter," Kirkman said.

Travel Tax Take Is 10 Pct. In State

SILVER SPRINGS — The state legislature has been urged to adopt a resolution to Congress calling for the repeal of the 10 per cent travel tax passed during World War II.

Action by the legislature was called for by Gov. Farris Bryant's Steering Committee to promote tourism which met at Silver Springs recently.

The committee, headed by W. B. Ray of Silver Springs, discussed ways of promoting the state's tourist industry and set up working committees for fund raising, education, promotion and foreign travel.

Roger Stake, director of the tourist services division of the Florida Development Commission outlined future advertising plans of the commission to committee members.

It was also announced that Louis Benito of Louis Benito Advertising, Tampa, will assist the committee in its advertising program and Ben Cole Associates of Miami will aid in public relations work.

DIELDRIN OR CHLORDANE EFFECTIVE AGAINST ANTS

GAINESVILLE — Several species of ants may invade the home, and while they are not destructive, they are a constant source of work and annoyance for the homemaker.

Dr. L. C. Kuitert, entomologist with the Florida Agricultural Experiment Stations says ants enter houses in search of food and usually frequent the kitchen and other storage places.

Sprays or dusts containing either chlordane or dieldrin are effective. Dr. Kuitert recommends a two percent dieldrin dust. It can be applied easily and quickly to a border around the outside of the house and to individual ant hills in the yard.

Freddie Hickerson, student of Admiral Farragut Academy in St. Petersburg, will arrive here this weekend to spend the summer vacation with his parents, Mr. and Mrs. Fred Hickerson in Pahokee.

Methodists Will Hold Conference In Lakeland June 5

LAKELAND — Some 1,000 ministerial and lay delegates are due to attend the 119th annual sessions of the Florida Methodist Conference here June 5-9 at the First Methodist Church.

They will represent the 245,000 members of 550 churches in the geographical conference, which embraces all of Florida except the extreme northwest counties.

Presiding for the first time at the annual sessions will be Bishop James W. Henley of Jacksonville. Formerly of Nashville, Tenn., he was elected a bishop of The Methodist Church last July and assigned to administer the Jacksonville Episcopal Area. He succeeded the late Bishop John Branscomb.

The annual conference is the basic governing body in the Methodist organization. A regional body with fixed boundaries, its name comes from the fact that it is convened yearly and the ministerial members, regardless of their positions, are subject to annual appointment by the presiding bishop. The Methodist Church in the United States is composed of 100 such conferences.

Reading of the annual ministerial appointments is scheduled for the closing session on June 9.

Gov. Farris Bryant will address the body June 8 at the annual "Laymen's Night" program.

Other speakers during the conference will include Dr. J. A. Engle, New York City, of the General Board of Missions; Dr. Lawrence L. Lacour, Nashville, Tenn., of the General Board of Evangelism; Dr. Clovis Chappell of Waverly, Tenn., and Dr. J. Wallace Hamilton of St. Petersburg, pastor of the Pasadena Community Church.

Principal business of the conference will center on the reports and recommendations of 21 boards and agencies, numerous committees, and the 10 district superintendents who comprise the bishop's cabinet.

Also up for consideration will be proposals to rearrange intra-conference boundaries in order to create an eleventh district. A committee headed by the Rev. R. C. Holmes, Lakeland, is due to report its findings and recommendations following a year's study of the matter.

A proposed change in the church constitution, known as Amendment 12, is expected to provoke considerable debate. Designed to bring the church's six jurisdictions into closer fellowship, the amendment would increase the size of the quadrennial General Conference — top legislative and policy-making body — and permit the jurisdictional conferences to meet at the same time and place.

The amendment was adopted by the 1960 General Conference, but to become effective it must be ratified by a two-thirds majority of all members of the various annual conferences "present and voting."

In addition to Bishop Henley, officers of the Florida Conference are the Rev. Robert C. Boggs, Lake Wales, secretary; the Rev. M. E. Myer, Orange Springs, statistician, and the Rev. C. H. Voss, Lakeland, treasurer.

The Rev. Raymond A. Alley, Lakeland district superintendent, is program chairman and secretary of the Cabinet.

Conference hosts are the Rev. C. M. Cotton, pastor of First Methodist Church, and Dr. Charles T. Thrift, Jr., president of Florida Southern College, where delegates will be housed.

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{1}{4}\%$ for the first year and a half; then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{8}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $\frac{1}{8}\%$ increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

YOU SAVE MORE THAN MONEY WITH U. S. SAVINGS BONDS

Miss Nellie Yeomans**

Miss Nellie Mae Yeomans was honored Thursday evening by a bridal shower in the Canal Point Methodist Sunday School Building. Hostesses were: Mrs. C. L. Stuart, Mrs. W. K. Buchanan, Mrs. D. L. Hooks and Mrs. W. N. Veal.

Floral decorations of coral vine, fern and white hibiscus were used throughout the building and refreshments of cake and punch carried out the color scheme.

Miss Yeomans is the daughter of Mr. and Mrs. Charles Yeomans of Canal Point and is the bride-elect of Dale Rosenberg, son of Mrs. Beris Rosenberg of Pahokee.

ATTEND GRADUATION

Mr. and Mrs. Floyd Erickson and their son Dale attended the graduation exercises of their son Bobby at Forest Lake academy in Maitland this weekend. He accompanied them home Sunday and will visit them until Thursday. At which time they will all drive up to Collegedale, Tenn., where he is enrolled in an eight weeks Summer school at the Southern Missionary College. Mr. and Mrs. Erickson and Dale plan to return to Orlando and attend the annual Camp meeting session at the Forest Lake Academy June 2 thru 10, before returning home.

J. E. Williams of Canal Point accompanied by Frenchy Johnson of Pahokee were business visitors in Orlando last week.

**Business Leaders
To Attend Course**

GAINESVILLE — A management development conference at the University of Florida next month is expected to attract more than 50 business leaders from all sections of the state.

The conference will be conducted June 18-30 by the General Extension Division of Florida in cooperation with the Management Center of the College of Business Administration.

John T. Branch, Jr., conference coordinator for the Extension Division, explained that the 13-day meeting is designed to help the executives develop "a more competent, imaginative staff" for their companies.

"An understanding of how to appraise the effectiveness of the operating organization," Branch said, "requires the broad viewpoint in looking at the overall management picture. During this conference, the faculty and participants will analyze financial information, marketing, human relations, effective communications, and public relations."

Visual aids, case studies, "role playing" sessions, member-centered discussions and lectures are some of the methods to be used during the conference.

Branch said all applications for enrollment must be sent to his office at 807 Seagle Building, Gainesville. "The Conference Admissions Committee will review the applications and notify the senders within one week if they have been accepted for attendance," he stated.

**Bridal Shower For
Miss Nancy Thomas**

The Olaf Boe residence at 2016 East Main in Pahokee was the scene last Saturday evening of a bridal calling shower complimenting Miss Nancy Thomas, bride-elect of Robert Meyer of Cuyahoga Falls, Ohio. Hostesses for the occasion were: Mrs. E. F. McIlwain, Mrs. W. G. Hull, Mrs. Wm. McClintan, Mrs. G. F. Kincaid, Mrs. Homer Barnes and Mrs. H. M. McIntosh.

The new home was beautifully decorated for the occasion with various floral arrangements of sweetheart roses and pink delphinium. White tapers in crystal candelabra lighted the bride's table which held the punch bowl encircled by fern, lily of the valley and sweet heart roses.

Cake and punch were served to approximately 7 guests who called during the evening. Those assisting the hostesses were: Miss Wynette Sheffield, Miss Pam Boe, Miss Jill McIlwain and Miss Shirley Kincaid.

**Birthday Party
For Mrs. Thompson**

Mrs. Betty Wilson gave her mother, Mrs. I. G. Thompson, a surprise birthday party at the I. G. Thompson home in Pahokee on Tuesday night. It was the first birthday surprise party Mrs. Thompson ever experienced.

Other than the immediate family the following guests from Cash, Ark., were present: Mr. and Mrs. Joy Cullison, O. A. Teague and Lynn Cullison. From Pahokee: Mrs. Kathryn Fountain, Mrs. A. R. Rice, Mr. and Mrs. W. E. Golden, Mrs. Adeline Stuckey, Mr. and Mrs. John D. Rogers, Mrs. J. C. Mock, Mrs. Georgia Hooks, Miss Myra Cruthirds, Mrs. Lois White, Bob Cote, Ron Ter Harr, Mrs. Sarah Laird.

"Delightful" refreshments were served with Miss Cruthirds at the punch bowl and Mrs. White serving the cake.

BROTHER DIES IN TAMPA

Mrs. John Strayer was called to Tampa Wednesday by the death of her brother, Francis Albert Bowen, 58. She was accompanied by her son Woodrow.
